

## **CabinetBed warranty Program**

### **Exterior Finish Warranty**

CabinetBed provides a one-year warranty on the exterior finish of the CabinetBed. Should a defect arise, CabinetBed reserves the right to either repair or replace the defective part. If replacement is necessary, the part will be shipped to the store or directly to the customer at no charge. To process the warranty claim, please send photos of the affected area to CabinetBed.

### **Mattress Warranty**

CabinetBed offers a five-year warranty on the mattress, starting from the date of delivery. This warranty covers defects in workmanship, the mattress cover, and body impressions exceeding 1 inch. In the event of a defect, CabinetBed will repair or replace the affected portion of the mattress. Please provide images of the defective and a picture of the label area for approval before proceeding with the claim.

### **Hardware Warranty**

CabinetBed guarantees the hardware components, including hinges, pistons, handles, and wheels, for the lifetime of your CabinetBed. Any defective hardware will be replaced at no additional cost. To initiate a warranty claim, please submit photos of the defective parts for approval.

### **Third-Party Delivery Damage**

CabinetBed is not liable for any damage caused by third-party delivery services. However, replacement parts are available for purchase should any damage occur.

### **Shipping Damage**

CabinetBed undergoes extensive testing to minimize shipping-related damage. Please note, if the CabinetBed is mishandled during delivery (e.g., dropped off the end of the delivery truck or handled roughly), it could result in damage to the front panel door, dowels, latches, or even cause the door to crack. Proper handling is essential to avoid such damage.

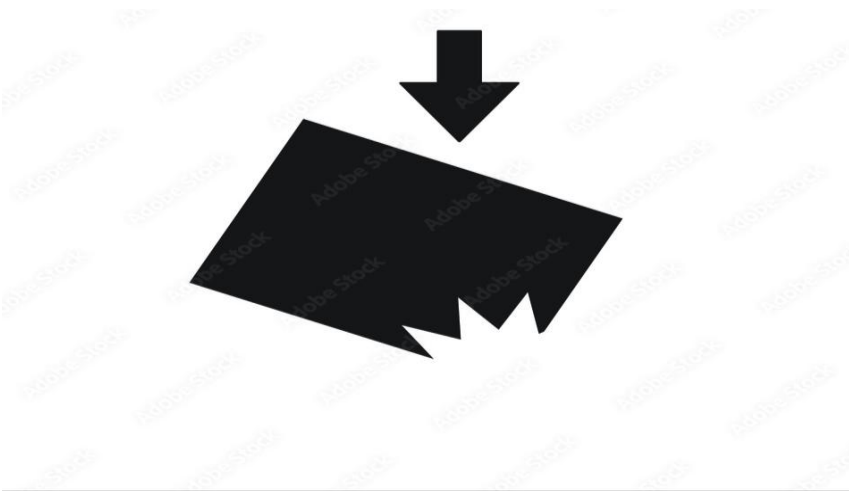

CabinetBed Inc. warrants that all is sold free from defects of material and workmanship. This warranty shall not apply to defects resulting from abuse, misuse, neglect, alteration, accident or if the goods are used in a commercial setting. Please note that any repair charges that was done by any company other than CabinetBed Inc. will not be accepted or reimbursed, unless previous written authorization was obtained. All unfinished goods are not warranted under any conditions.

No return of merchandise will be accepted without the authorization of Cabinetbed Inc. All defective products must be returned to CabinetBed Inc. for repair or replacement, at our discretion. Unauthorized returns will be refused and returned freight collect. All authorized returns must be freight prepaid, and CabinetBed Inc. will not accept freight charges to or from the factory. (see "Freight")

Claims for defective merchandise must be made in writing directly to CabinetBed Inc. Within 10 days of receipt of goods. Please retain claim items in their original state, as they were received.

All dimension listings are approximate and some variation will occur. While every effort has been made to produce furniture which matches samples in colour and finish, the natural grain of wood will result in lighter and darker shadings on finished furniture. These variations add to the unique character and beauty of the furniture and are not considered a flaw. Slight discrepancies may occur in fabric colour between dye lots. Although CabinetBed Inc. attempts to minimize these differences, they do occur and must be accepted as normal.

### Putting Your CabinetBed Away:

1. **Reverse the Setup Process:**
  - When you're ready to put the CabinetBed away for the day, reverse the setup steps.
2. **Fold and Store the Mattress:**
  - Fold the trifold mattress and place it inside the storage cavity.
3. **Fold Up the Bottom Panel and Release the Support Legs:**
  - Fold up the bottom panel. To release the legs, push the lock away from your body to unlock the hinges, then fold the legs back up.
4. **Close the Front and Side Doors:**
  - Lift the front panel door and swing the side doors into place, ensuring the dowels align with the front door. Be careful to close the side doors fully. **Warning:** If the side doors are not properly aligned when closing, the bottom corners could become damaged.
